## Will Creek Be Enclosed?

A sign on the wall in the Antioch council chambers says: "Capacity 38 Persons."

Twice as many squeezed into the place Monday night, half of them willing to stand for three hours as the village board held a special meeting to discuss the Sequoit Creek Enclosure Project.

Some were there to urge that the board be allowed to proceed with its plans to deepen, enlarge

## Grass Lake Hires Superintendent

Dr. Eugene E. Paulausky, 45, of 625 Dilger in Waukegan, assistant superintendent in the McHenry elementary school district for the past four years, has been selected by the Grass Lake Board of Education as its superintendent for the coming school year.

Dr. Paulausky succeeds William J. Hart, who served as superintendent the last six years.

More than 40 applications were received for the position and the decision to hire Dr. Paulausky was based "largely on his extensive experience and training background at the elementary school level," the school board said.

Prior to joining the McHenry system, Dr. Paulausky had 12 years of teaching experience in Beech Park, Kenosha, Mundelein and Waukegan.

He earned his doctor's degree at Loyola University in 1972 with majors in curriculum,

instruction and administration. He received his masters degree from DePaul University in 1961, majoring in history.

He received his bachelor's degree from Lake Forest

College in 1958, majoring in history, and has taken graduate courses at DePaul, Northern and Northwestern universities.

His assignment as assistant superintendent of McHenry

schools dealt mainly with instructional and curriculum services, along with responsibilities for writing and administering state and federal related school programs.

and enclose the creek so water will flow westward under Main St., alleviating flooding problems on the east side.

Others, including members of the United Methodist Church, asked that the board consider alternatives to the enclosure and try to preserve Sequoit Creek in its natural state.

ABOUT 20 VOICES were heard from Monday night, but the person who may have the greatest effect on the issue is a man who sat through the meeting and said nothing.

He is Marvin Tepper, representing the Illinois Department of Transportation, Division of Water Resources.

When the state received three letters from citizens opposed to the project, it held up issuing a permit. The department said that a meeting with the objectors and the public works committee to attempt to reach an agreement was in order.

Betty Lu Williams and library employees wrote in the interest of preserving the historical value of the creek.

Clarence "Bussie" Keulman, though he owns property along Depot St. near the railroad tracks, questioned the board's acceptance of a plan which has no guarantee of a solution to the flooding problem. But village engineer Frank Angelotti said: "It will work."

## The Town Crier

Running low on gas yesterday, I had to make a quick stop and was stunned when I drove up to the regular pump.

The price was 64.9 cents a gallon.

Talk about something getting out of hand... the price of gas is ridiculous. Two years ago we were buying it for half that price.

I understand most station operators get only about 8 cents a gallon as their profit, so I guess we can't really blame them.

But how can some "serve yourself" places sell gas for 52.9 cents a gallon while the big-name companies charge 64.9?

REMEMBER BACK when you could pull into a gas station, order a dollar's worth of gas and feel respectable?

But, really, the most expensive vehicle to operate these

days is the grocery cart.

And you're getting to be an old-timer if you remember buying cigarettes for 15 cents a package.

Inflation is caused mainly by other people getting pay increases.

## Donations for Sale Needed

"Search your cupboards and closets for donations for a flea market and auction," says the Lake Villa Lions Club.

August 16 and 17 are the dates for the event, but chairman John Janega (356-7275) and his committee are gearing up already. Location for the sale is the vacant lot east of St. Mark Lutheran Church, Lindenhurst.

To rent space for the flea market or obtain information on articles to be auctioned phone 356-2123 at any hour.

Rain dates are Aug. 23 and 24.

## Poor Box Thief Foiled

St. Peter's Catholic Church was the scene of an unsuccessful attempt to steal funds from the poor box last weekend.

Money from the box is deposited in a basement compartment via a tube. The intruder was unable to unlock the box after gaining entrance to the room.

A nearby room is closed off by two doors. One was pried open, presumably with a crowbar, and the second (a double door) was taken off its hinges.

Father Francis Johnson said that when the building is closed for the night it is almost impossible to exit by door since all are double-bolted. A window was standing open, believed to be the means of escape.

Many people were in and out of the church Saturday, and Father Johnson told investigating officer Stan Revell Sunday morning he felt someone stayed inside after lock-up.

Unfortunately, Karen was unable to attend because she was en route to California to visit her father.

Other collegiates receiving honors were Erna Toft and Judith Page, who received red tassels signifying one year service as a collegiate. Shirley Gehrls received a red stole for four years service.

# 'Sex Break' May Be Next Fringe Benefit

By SEN. BARRY GOLDWATER

Ludicrous as it seems, federal employee unions may come up with a fringe benefit with so much appeal very few of their members will oppose it.

It involves sex - repeat sex - in a very direct way. In labor circles it might be regarded as "the offer they couldn't refuse."

The benefit was discovered by Joseph Young of the Washington Star, who called attention to it recently "in a spirit of helpfulness" to the unions.

Young acknowledged that the idea - certainly one of the most esoteric and erotic ever to be considered seriously as a

legitimate fringe benefit - was not original with him. He says he got it by reading the Labor Management Relations Service

Newsletter, the official publication of the National League of Cities of the United States Conference of Mayors and the National Assn. of Counties.

THE NEWSLETTER, knowing that the members of these groups are the officials who have to deal with the public employee's unions, called attention to a report from Suva in the Fiji Islands.

The report dealt with a gold miners' union on Suva and its demand for a fringe benefit

known as "the nooners."

It seems the miners' union wants as part of its current contract, a 30-minute mid-day "sex break" for its members, in addition to the normal lunch break.

The union secretary was quoted as saying the miners believe mid-day is the best time of the day for men and women to engage in sex relations.

UNION OFFICIALS reportedly are arguing that a man has a sexual obligation to his wife

which can best be fulfilled at noon. But if he comes home at 5 p.m. exhausted and dragged out from a full day's work in the mines he won't be able to fulfill his obligation adequately.

The union secretary indicated that "alternate arrangements" would have to be made for bachelors.

"We don't want to overdo this," he was quoted as saying.

It would appear that the labor movement in America has come a long way since the days of Sam Gompers and the battle over child labor laws. I doubt if even John L. Lewis or Phillip Murray ever heard of a fringe benefit called the "sex break." In all events, it seems to be here and I'll bet it's here to stay.

## Commended For Police Work

A young Antioch man, a sergeant in the Baltimore, Md., police department, has been commended for his work in the prosecution of a large scale heroin dealer.

The police officer is Kenneth J. Anderson, son of a

well-known Antioch couple, Elroy and Thelma Anderson.

Sgt. Anderson graduated from Antioch High school in 1962 and recently was graduated with honors from Baltimore City College.

David F. Mister, assistant

state's attorney for Baltimore County, made the following comments to Baltimore's Commissioner of Police, Donald B. Pomerleau.

"I WANT to call your attention to the fine job done by one of your officers, Sgt. Kenneth J. Anderson, in the investigation and preparation of the Meredith Thomas Jenkins case.

"Sgt. Anderson's considerable expertise in the area of narcotics, ready availability for pre-trial strategy conferences, keen interest in his job, and hard work were principal factors in the successful prosecution on May 26 of Meredith Jenkins, a large scale heroin dealer in Baltimore city and county."

"Jenkins was sentenced to 16 years in the Department of Correction." Attorney Mister pointed out. "Once again Sgt. Anderson was present in the Circuit Court at my request to give testimony, if necessary, as to Jenkins' narcotics operation, for the purposes of sentencing."

"As the prosecutor for Baltimore County on this case, I would like to thank Sgt. Anderson for a job well done and look forward to working with him again in the future. He is a fine representative of the Baltimore city police department."

Commissioner Pomerleau re-

## Clinic July 23

A combined immunization, hearing and vision screening clinic for children will be held Wednesday, July 23, at St. Peter's school in Antioch.

Letter to the Editor:

My privacy is being invaded, and I feel sure that many people feel the same way as I do.

If we don't want to listen to a "sales pitch" over the phone, it is no problem to say, "I'm not interested," and hang up.

We have the right to reject "junk mail" from the post office.

However, how do you stop these pesty, independent mail delivery people who hang plastic bags on your doof or mailbox? On rural mail boxes they hang, even if people are on vacation - or they blow off and clutter the landscape.

As a town person, I resent the fact that these bags are hung on my door.

One time I saw the delivery and pointedly told them not to deliver here ... but a few days later, back they were. And right from my door to the garbage.

I will not even look in them. If these business people who use this way of advertising can't use the proper news media (local newspapers) then they don't deserve our patronage.

Dear Editor:

Looks like our "village fathers" have done it again!

This, a bicentennial year when other towns are looking back and remembering, our town is covering up past memories.

They are plunging ahead and covering up one of our town's fond memories, Sequoit Creek.

This lazy little creek has flowed through our town for many years and its name known by all of Antioch.

One of our village board members has stated, "I can't be bound by special interest groups."

Does he consider concerned citizens, the same citizens whom he asked to vote for him,

# Sequoit Creek: Enclosure Or Alternative?

Continued from page 1

written by Michael Teeley, director of environmental education working with the local grade school district. He protests the enclosure project because he feels the school district and the people of the creek area will be asked to assume the burden of the flooding.

Teeley and others, including Little Silver Lake's Wayne Erickson, believe much of the flooding is caused by the CCD landfill rather than grade level problems in the creek, as project backers claim.

"The things happening east of the Soo Line (the location of the landfill) are causing the flooding," Erickson said Monday. He cited the application of a layer of clay, resulting in water run-off, and a 27-acre foot retention pond.

The church at 848 Main St. borders the creek. It is in this area, from Cunningham Drive to Main Street, where plans call for the creek to be filled in and a 102-inch culvert installed underground. Village Engineer Frank Angelotti took great pains Monday night to explain that this project would maintain the flow of water downstream.

The man from the state, Mr. Tepper, said after the meeting: "I'm here to listen and then prepare a report ... and maybe give some advice as to how this can be solved."

Perhaps what Tepper tells the Division of Water Resources will determine whether or not the village gets its permit to proceed with the project.

REV. STEPHEN WILLIAMS, pastor of the Methodist church, said:

"It seems to me we're far from any given answer ... yet the construction equipment is already parked and ready to work."

Rev. Williams apparently felt that objections to the enclosure weren't being given enough consideration by the trustees. At one point he said:

"I think a number of alternatives have been proposed. The church's trustees have voted to oppose the enclosure. I feel we are witnessing a burial, and I refuse to give benediction to that burial. The council has not really taken into consideration what people have said."

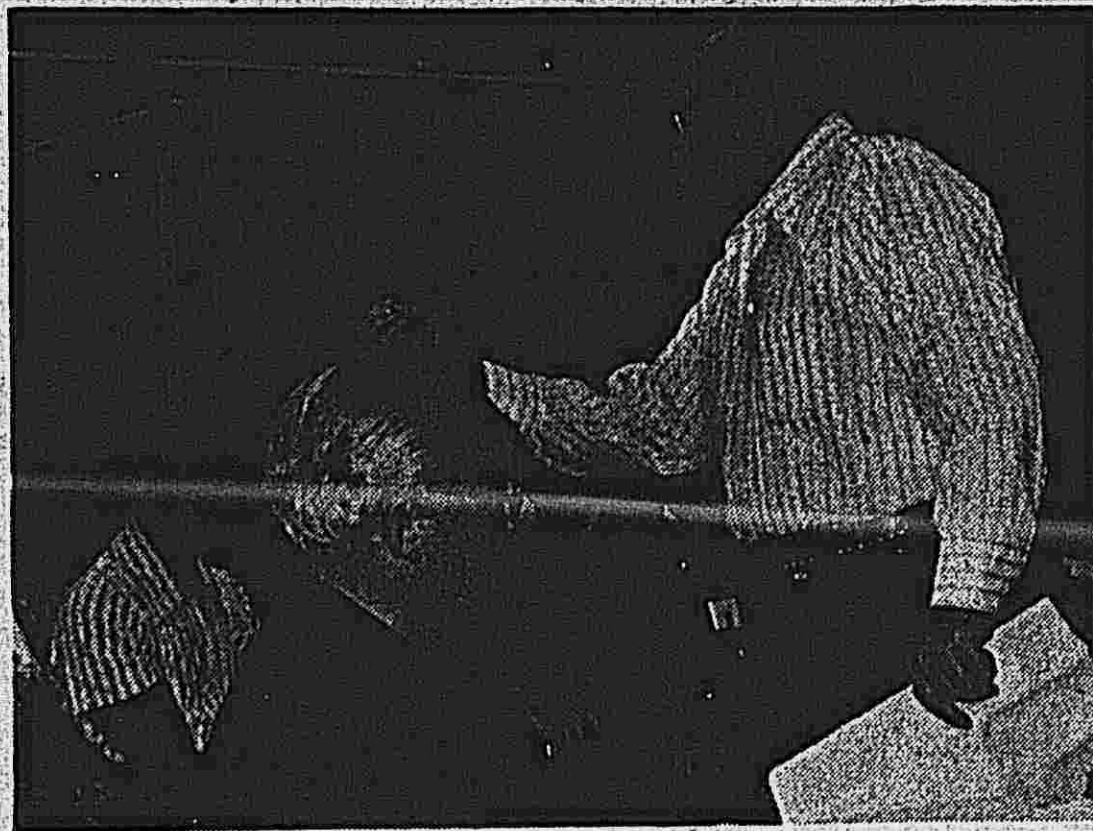

Rev. Williams asked that "more homework" be done on the issue so that perhaps a solution other than enclosure can be found.

MAYOR ROBERT WILTON pointed out that:

"Lake County is going to double by the year 2000. In the overall plan, it is essential that we someday extend Depot St. to Tiffany Rd. to solve our traffic problems. Lots of people won't come to Antioch on Saturdays because of the traffic problems. We can't avoid growth, but we can control it."

Later plans associated with the creek call for extending Depot St. over a portion of the covered-up creek from Main St. to Hillside Ave.

Among those urging that the village be allowed to proceed with the enclosure project were former mayor Murrill Cunningham, Bob Bemis, Ev Oftedahl and Ed Abderholden, a new young member of the village

planning commission.

Bemis, former chairman of the plan commission, said:

"The village board is trying to do away with the flooding and probably should get a little more cooperation than it's had."

Francis Scichowski of Rittenhouse & Embree Lumber Co. said his firm had 7½ feet of water in its basement last year. "It was quite a shock," he said. "We're just asking for relief." "I think we should all get behind the board and try to get this job done," said Cunningham. "Everytime we have a rain, people on Garys Drive get water backed up in their basements."

Betty Lu Williams, Antioch librarian and a member of the local historical society, said:

"That area of Sequoit Creek is the reason for us being here. I feel sorry for the people who are being flooded, but I'm trying to

preserve the natural environment. I don't see why it has to be enclosed if the bottleneck on the east side is removed. There are alternatives to help the people who are being flooded. I hope we can all work together

as a community to find those alternatives."

The village board holds a regular meeting next Monday

at 8 p.m. Whether or not the Sequoit Creek enclosure will be discussed at that meeting isn't certain.

## Lake Villa Raises Water, Sewer Rates

For the first time in approximately 10 years, Lake Villa water and sewer rates have been increased.

Trustees at last week's village board meeting approved a new ordinance under consideration for two years, establishing the charge for use and service of the combined waterworks and sewer services.

The new charge is \$2.74 per 1,000 gallons of water used. Breakdown is set at \$1.70, user's charge; 53 cents, debt service charge; 51 cents, water.

CITIZEN PROTEST was heard on the subject of Lake Villa beaches, particularly the use of Sherwood Park.

Some citizens demanded enforcement of an ordinance

prohibiting non-residents from entering the village beach area. Trustees urged Sherwood Park owner Gary Parisi to put an end to traffic bottlenecks leading to his Grand Ave. private beach.

The problem of traffic tied up all the way to the Illinois Tollway was countered with Parisi's comment that the approximately 2,000 cars entering the park July 4 represented about \$500 in local tax revenue. He also stated that several park officers of his own directed traffic flow through three entrance lines.

MAYOR TED Nielsen asserted that the beach is only for Lake Villa residents. But the

occasionally came in, asking to have their glasses fixed. Our curiosity got the best of us, and we set out to track down the mystery.

The Antioch Savings & Loan Association rented this office space at 950 Main St. for three years, 1960 to 1963. They were the folks who put up the sign.

In 1963, a Chicago optician

became the new tenant when the bank moved around the corner to its present Lake St. location. The sign lettering was changed to read "Antioch Vision Center."

Though he was considered a fine doctor, we were told that his business here closed within two years. But the sign remained until we had it taken down last week.

In the past few months we've sent to Dr. Bucar a lot of people who were attracted by the Vision Center sign. It was easier than going back to school and studying optometry.

## Mental Health Group Thanked

The Antioch Mental Health Association has received thanks for donating \$5,000 to the Grove School for the severely handicapped.

The letter of thanks was read at the association's recent meeting at Lorenz's Smart Country House.

Also received was a letter from the Lambs, thanking the association for a \$1,000 donation.

The Mental Health Association's Bicentennial Ball will be held Oct. 11 at Lorenz's. The event will be called "The

Historical Hop," a costume dance with prizes for the best costumes.

Mrs. Robert Lubkeman, chairman, said there will be a midnight buffet with some of the food similar to that which appeared on menus in Colonial times.

The association's president, Mrs. Ray Lorenz, said that Mrs.

John Connors and Mrs. Ray Lewis were appointed to the decorating committee.

The ticket committee includes Mrs. Dan Maras, Mrs. Jim Carlson and Mrs. Gus Costoff. Mrs. Al Bucar is publicity chairman.

The next meeting of the association will be Monday, Aug. 4, at 8 p.m. at Lorenz's.

## Outdoor Concert Here on July 30

### 70 YEARS AGO: JULY 13, 1905

Seven pairs of men's colt-skin shoes, regular price \$2.50, will be closed out at \$1.50 per pair. John Engman.

Not knowing that it is causing a deal of speculation, a tiny mite of humanity laughs and gurgles and clasps its hands in a ward of the Methodist Deaconess Orphanage at Lake Bluff, despite the fact that it was found on a door step in that village Saturday morning, after having been cast adrift by its unknown and heartless parents when only two days old.

### 60 YEARS AGO: JULY 15, 1915

An auto accident, in which three men very narrowly escaped with their lives, took place on north Main street early Monday morning, in the hollow between the E.B. Williams and the R.M. Haynes places. The machine was an 8-cylinder Cadillac touring car.

1916 Studebaker cars - more power, more room, still higher quality. A 40 h.p. seven passenger, \$885; a 50 h.p. seven passenger, \$1050.

### 20 YEARS AGO: JULY 14, 1955

Judy Horton, daughter of Mr. and Mrs. William Horton has been selected by the Antioch chapter of Future Homemakers of America as a delegate to the 15th annual Illinois State Leadership conference.

Residents of the Warriner subdivision don't want their present street arrangement disturbed. This they told members of the village board in a special meeting of the trustees Monday.

### 10 YEARS AGO: JULY 15, 1965

St. Stephen Lutheran Church has recently completed a successful funding campaign for current and benevolent needs and is now in search of a suitable site on which to build a church.

The engagement of Charlotte M. TenBruin, 278 Ida, Antioch, and Claron L. Savage of Zion was announced at a dinner at Hobknob Restaurant recently.

## Maxwell St. Days Coming Up Soon

The next big promotions of the Antioch Chamber of Commerce and Industry will be Maxwell Street Days and Midnight Madness.

Plans were discussed Monday by the chamber's retail committee.

Maxwell Street Days will be Thursday, July 31; Friday, Aug. 1, and Saturday, Aug. 2.

The chamber plans to operate two hot dog stands to provide refreshments for the shoppers who flock to the business district to take advantage of the bargains. One probably will be located in the Orchard St. Plaza and the other on Lake St.

Midnight Madness is scheduled Thursday, Aug. 21. Water fights by the fire department

are planned from 6 to 6:45 p.m. and a performance by the Scarlet Knights drum and bugle corps of Waukegan from 6:45 to 7:30 p.m.

The Fifth Army Band from Fort Sheridan will begin performing at 7:30 p.m. and that's when the stores will open. They'll stay open until midnight. As usual, shoppers will be invited to come downtown in their pajamas and appropriate prizes will be given to the "maddest Midnighters."

Bill Patterson, chairman of the retail committee, said 2,500 entries were received in the Chamber's recent Shopping Spree. A picture of the three winners appears in today's Antioch News.

The former Miss Deborah Broecker became the bride of Michael Barr on Saturday, June 28, in a 3 p.m. wedding at St. Peter's church.

The bride and groom were both residents of Rt. 4, Antioch. Deborah's parents are Mr. and

Mrs. Joseph Muskat and Michael is the son of Mr. and Mrs. William Barr.

The couple was joined in

marriage by Father Robert Melcher. It was a double ring ceremony and the bride was given away by her father.

The bride's gown and the attendants' gowns were made by Mrs. Laura Thayer of Antioch. The bride wore white lace on taffeta with an empire waistline, lace bridal point sleeves and a long train. Her veil was floor-length of white tulle on a Victorian headpiece. The maid of honor was Kimberly Budovec and the best man was William Barr III.

Bridesmaids were the groom's sisters, Julie, Nancy and Mary Pat Barr; Cindy Fox, the bride's cousin, and Dannette Chamberlain, a niece of the bride.

Groomsmen included George Broecker, the bride's brother; and William Lackerman, Brad Ipsen, John Barr, the groom's brother, and John Barr, a cousin.

Don Koch and John Mors were ushers. Tonya Skirlich served as flower girl and John Broecker as ring bearer.

The beautiful wedding cake was made by the bride's aunt, Frances Fox. Kimberly Fox was in charge of the guest book.

Both Deborah and Michael are graduates of Antioch High School, and Michael also

graduated from the College of Lake County.

After a reception at the VFW

hall in Lake Villa, the couple left for a honeymoon trip in Florida.

**If your radio gets turned on while you're away,**

If you're going to be away for awhile, you should arrange to have your apartment occupied. Occupied, that is, electronically.

There are timing devices on the market that can turn on lights, and even turn on your radio, all at pre-set times. To a would-be burglar, the sound of a radio means

someone's home, and that means he'd better try elsewhere. You can even get a timer that can be set to activate appliances several times a day. The craftiest burglar would never suspect.

The best time to use timers is while you're on vacation or on weekends away from home. But it's a good idea to use them all the time. A burglar can take advantage of an

You can pick up these burglar-proofing devices from your hardware, department or discount stores for a few dollars. And they don't use any more current than an electric clock. That's a small price to pay for all the protection you're getting.

## Tiddlywink Fever Soars in England

LONDON, England — Perhaps it reflects the weakening roar of the British Lion, but the latest sport to acquire the stature of national championships is Tiddlywinks, that childhood game played with large plastic counters called squidgers, the object being to flick a small plastic counter, called a wink, by pressing on its edge with a squidger.

It has taken something less than two decades for Tiddlywink fever to really grab the imagination of sports minded Britons, and it all began in 1955 when Cambridge University challenged rival Oxford University to a game.

Since then regional leagues and playoff championships have been organized in England, Scotland, Wales and Ireland, and national dishon-

or is still smarting in the breasts of Englishmen over the defeat of their champion, 24 year old Alan Dean, secretary of the English Tiddlywinks Association, by Bill Renke of the Massachusetts Institute of Technology, who now claims the world title.

The game acquired instant stature when Prince Philip, Queen Elizabeth's husband, donated a Silver Wink Trophy that is fought for between the regional leagues.

Dean, a high school mathematics teacher, is certainly Britain's top Tiddlywinker, and most experts here are convinced that when he has a return bout with MIT's Renke he will regain the world title, at which point the British Tiddlywink associations are prepared to formally recognize it. At the moment they don't.

Already, some sports writers compare the fervor of Tiddlywinks with that of chess players, backgammon addicts and draughts (checkers) enthusiasts. Dean, who played his first game during his last year at high school — "and was annihilated by a couple of 11 year olds" — insists that Tiddlywinks is "a complex, tactical struggle, which is probably why so many science-oriented people take to the game."

Another of Britain's top Tiddlywinkers is Hilary Swerdlow, a sociology undergraduate at Manchester University and secretary of the university's Tiddlywink club: "You become so involved in a game, especially when you see a better player than yourself in action."

It is in the universities that

the game flourishes, and because of the international contacts among students, the game has spread abroad to Russia (a group of Cambridge University students put on an exhibition at Moscow University), France, Germany and as far away as India.

There is evidence the Canadians also are becoming hooked on the game. Dean has already beaten the Canadian champion, Rosie Wain, a duel that was covered flick by flick by the British Broadcasting Corp.'s radio network. When the commentator, to fill in time between flicks, suggested that it was perhaps unfair for a man to compete against a woman, Rosie grabbed the mike to answer: "Sex doesn't matter," a view which is not shared by all Tiddlywinkers.

At the finals of the North England Junior Championship, one account read: "The sight of several miniskirted competitors stooping over the table so distracted other competitors that the game had to be halted while the girls changed into slacks."

Which prompted an editor to write this classic headline over the story: "Replay! The Squidger Flicker's Knickers Were Showing."

## Wilmot Is Colburn's Alley

Super modified driver Dick Colburn, the smiling fireman from Muskego, Wis., continued his mastery over the third-mile speedway at Wilmot as he won his second 25-lap feature race in a row and the fifth this season on the Interstate Racing Assn. circuit.

Carmen Manzardo of Lindenhurst was on Colburn's tail for most of the race and wound up second. After the race, Manzardo quipped, "Every week I finish stronger and Colburn knows it. Next week I'm going to catch him and drive right over him."

The race was marred by a spectacular flip which took Mike McNulty of Racine, Wis., out of the action. His car was badly mangled but he escaped hurt.

In the rain-shortened semi-feature race, Jim Hedges held on to win the event, while Kip Hively charged from the back to finish second. Rain began falling just as the race got underway and the slick track accounted for three spins.

The 35-lap mid-season sportsman feature and a special super modified powderpuff race, both rained out, have been rescheduled as part of this Saturday's program.

Darrell Dodd of Waukegan surprised everyone as he held off challenge after challenge to win the fourth and fastest heat race of the evening in the super modified division.

Using an old-time dirt-track technique which worked well for Pop Kline two weeks ago, Dodd slid the tail of his car just far enough coming off the turns to hold off the pack and then used the power in his bog-bore engine to outrun them down the straightaways.

swam first in the 25-yard butterfly and teamed with Trina Spietz, Craig White, and Jack Fields to win the 200-yard freestyle relay.

Another family member, Margaret Bessette, took first in the 50-yard breaststroke. Phil Jaworek was a double winner and Carl Amundsen, Carol and Sue Berry, Craig White, Jean Cilik, Ted White and Keith Latz were the other winners for Antioch.

This week will be busy with Antioch hosting Old Willow July 15, traveling to Tremper High School in Kenosha for a meet July 17 and July 19 at Lincolnshire for the conference relays.

## This Week in sports

### Underhill Hurls No-Hitter for Antioch

Tom Underhill, pitching for Antioch's American Legion baseball team, fired a no-hitter last Friday as Antioch beat Deerfield 1-0.

He had a perfect game except for an Antioch error in the sixth inning and a walk in the seventh. He struck out 11 Deerfield batters.

Antioch's run came in the

fourth when Mike Witt led off with a triple and his brother, Mitch, singled him home.

According to the Waukegan News-Sun, Underhill turned his back on a pro contract this year

when the Oakland Athletics picked him as their 11th round draft choice.

### Softball Champions Decided

Excitement was the name of the game as the Antioch Girls Softball season closed Sunday.

Murphy (Quaker) beat Kessler-Parker (First National Bank), 7-6 in a tough teen game.

Pre-teen championship was won by undefeated Gossman (Walsh's) as they won 12-11 over Matthews (Fire Dept.).

A round robin tournament is soon to start for the teen division. All-star competition against Round Lake is slated for Sunday.

Final standings:

PRE-TEENS - Gossman 10-0, Lipski 6-4, Gallagher (Wilton's) 5-5, Matthews 4-6, Blanchette 3-7, Byrne 2-8.

TEENS - Murphy 7-2, Kessler 6-3, Stickler (State Bank) 3-6, Geist (Advertiser) 2-7.

### Swimmers Suffer Setback

It was a long night at Brentwood Swim and Tennis Club in Waukegan last week when the local swimmers took on Brentwood in a dual swim meet. The final score: Brentwood 271, Antioch 157.

Theodore Bessette was the

lone triple winner for the State Bank team. He won firsts in both 50-yard back and breast and the 100-yard individual medley.

Brother George backed him up nicely in the latter event by placing second. George also

# Lots of Racing At Waukegan

Rain hit the Waukegan Speedway last Saturday after five events had been completed. The rain-delayed features will be run this Saturday night at 8 p.m. before the mid-season championship events.

The rain delay will result in 104 laps of feature racing this Saturday as the late models go

in a 30-lap event and the 50-lap mid-season race, plus the hobbies in two 12-lap features.

RAY YOUNG was the big winner Sunday at Waukegan Speedway in one of the wildest nights of racing on the quarter-mile oval in recent memory.

Young, the current leader in the Chicagoland Driving Championship, took the lead in the 22nd lap from Carl Major and raced on to the win. The 30-lap victory extended Young's point lead as second-ranked Tom Jones overheated and failed to finish.

Jerry Kemperman took the feature lead at the green flag with 18 other cars in hot pursuit.

In the fourth lap Bob Roper sideswiped a car and flew through the air bouncing off the top of the homestretch wall as cars scattered in all directions.

Schuler ran second again late in the race; however the spirited duel for that spot went to Major. Schuler finished third followed by Kemperman, Bob Dotter, Rich Sundling and Roper.

Red Hacker hit the ramp with such force that the car turned completely over flattening the roof and knocking Hacker unconscious. It took safety crews nearly 10-minutes to free Hacker as the car had to be set back on its wheels and the roof pried up to free Hacker. He did not require hospital attention.

## Lake Geneva Race to Straube

Jerry Straube of Waterford, Wis., won the 25-lap "Battle of the Speedways" feature race for All-American late model sportsman stock cars at Lake Geneva Raceway Sunday.

Terry Blakley, Lake Geneva, had led from his pole starting spot and held off Dale Brandenburg, Janesville, until Blakley got too anxious and caused cars behind him to slow when he started to spin. The spin was corrected but by then Straube, who was running third was the leader and stayed in front.

Dave Watson, Beloit, drove his 1973 Camaro into the lead on the 34th lap of the 50-lap late model stock car race at the Raceway last Thursday night and finished just three-quarters of a car length ahead of Gary Hemmerling, Beloit. The race had been delayed from July 3 due to rain.

### Along the way with ANNIE MAE

Well now that we've all cooled off, I sure wish the warm weather would come back -- my tan is cooling too.

Hear tell some of our local gals did great things in the Farm Bureau golf tournament. This is the second year in a row Jean Daniels has won first place in the ladies open. Check this fellas, she had an 87. Angie Maras placed 2nd and Sis Gallagher was the handicap winner. Eileen Zannini will join them when they take to the links for the District Tournament on July 17. Good Luck!

Harrison Brown is back in town, looking tan and very relaxed. He obviously is enjoying his retirement since leaving Antioch High School, where he was head of the science department. "That winter in Phoenix really did the job," Harrison told us with a big smile.

Mr. and Mrs. Paul L. Chase, Beach Grove Road, Antioch, have recently moved to Rainbow Lake Manor, Antioch. Hope you're enjoying your new home.

Mr. and Mrs. Art Dalziel of Main Street are enjoying a visit from their granddaughters Nan and Jacqueline Zima. The gals flew in from Las Vegas this week and are hoping to renew all old acquaintances.

CONGRATS TO THE men's waterfright team who brought back a third place trophy from Bristol, Wis. this weekend.

Ted Poulos celebrated his 80th birthday at the Hennings Family reunion last Sunday at Fox River Park. Some of the group came from as far as California and North Carolina. Needless to say, Ted had himself a fine time visiting with everyone.

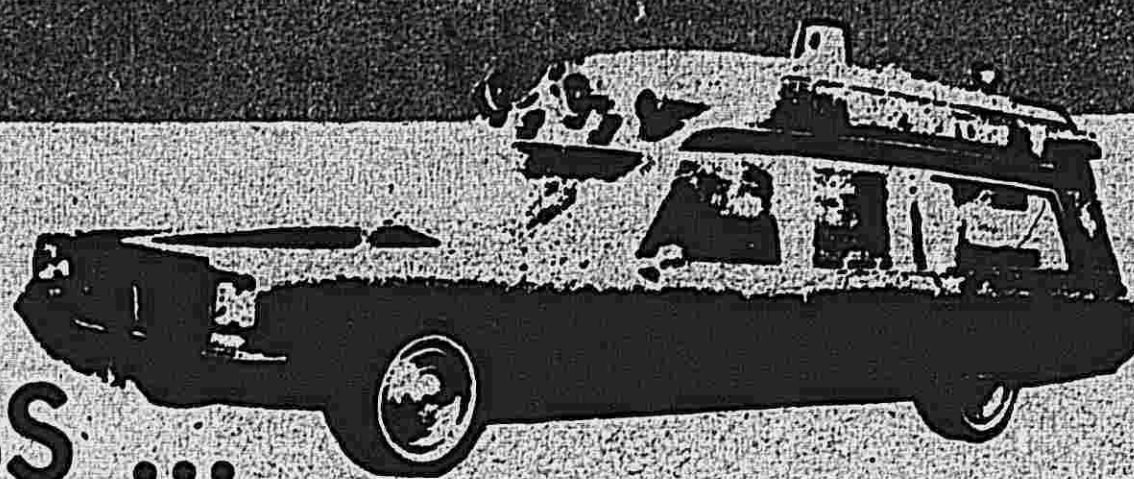

Best wishes to Rita Haley and Mark Garvey who tied the knot Saturday during an afternoon ceremony at St. Peter's Church. Following the nuptials, the happy couple toured the town in a horse drawn carriage. A garden reception followed at the bride's home.

Donations are still needed for the Rescue Squad Auction to be held on Sunday, Aug. 3. Please call the Village Hall, 395-1000.

The Arbor was the scene of an old fashioned picnic last Sunday afternoon for the doctors and staff of the Orchard Medical Center and their families. There was an egg throwing contest, water balloons -- everyone had a super time.

The ACHS Class of 1950 is trying to locate the following classmates: Patricia Kelleher, Roy Luckel, Don Schultz and Delores Sorenson. If you can help, call Louise Radke, 395-1354.

### Oakwood Knolls News

By JUDY PHILLIPS

Lots of company has been filling the Estelle Gatch and Ramona Pyzyna homes lately.

Visiting Estelle for a week were her daughter, LaVerne DeMaris, and granddaughter, Valerie, from Bolingbrook and Renee Ruehle and her granddaughter, Tracy, from Chicago.

During the visit Estelle, LaVerne, Renee and Jane Kish, a neighbor of Estelle's, called Renee's daughter, Roberta Warren, former subdivision resident and Oakwood Knolls Property Owners Association secretary, in California to wish her a happy birthday.

Roberta was delighted the girls called and said she misses

all the wonderful friends and neighbors she left here in Antioch.

RAMONA PYZYNA'S family certainly enjoys visiting Antioch, especially during the summer when the fish are biting right off the dock in Cross Lake behind Ramona's home.

Three grandchildren, Kenneth, Tony and Terry Godawski, from Chicago brought a friend with them to enjoy the fishing. Ramona's daughter, Phyllis Kuligowski, and her husband, Ronald, and their four children, Ronny, Dawn, Debbie and Keith, from Bridgeview, Ill., even brought their sheepdog, Brandy, with them to join in the fun.

Ramona's two sisters, Cora Jaske from Evergreen Park, and Lucy Broda and her husband Frank (and daughter Beverly) from Chicago, visited also.

THE RAY RATHMANN family recently returned from a fishing trip to Canada. Although the weather wasn't too great with rain almost every day, the Rathmanns had a good time and managed to catch a few fish between the storms.

Welcome to new subdivision residents, Mrs. Germaine Nowakowski, Mr. and Mrs. Jeff Beaufoy and Mr. and Mrs. Larry Boeke.

BARBARA OLANDER re-

ceived her First Communion Sunday at St. Scholastica Church in Bristol. She looked so pretty in a white dress and crown of fresh flowers. Following Mass, Barbara and her parents, Ted and Carol Olander, and her sisters, Sherry and Susan, enjoyed a delicious dinner at Honey Bear Farm. As the Olanders toured the farm after dinner, the girls had their picture taken with the clown.

Colleen Teichman is visiting her aunt, Jane Quinn, in Eydon Station, near Wisconsin Dells.

Glad to hear that Marge Collins is back at work after five months of recuperation. Good news, too, that Mary Muresan is home from the hospital.

BIRTHDAY GREETINGS to

Mary Jedele and Edward Vejvoda on July 19, Tina Olson on July 21, and Roseann Mazzio on July 22.

Attention Association members - the monthly Oakwood Knolls Property Owners Association meeting will be held Wednesday, July 23, at 8 p.m. at the State Bank of Antioch.

**Check Those Checks!**

For everyone's protection, the Antioch police wish to remind citizens in business and those who cash checks during the course of their business to demand proper identification. They strongly urge the securing of license numbers as well.

Continued from page 16

thy Kennedy will probably be the gal who travels the furthest to celebrate her 30th year class reunion from Wilmet High School this Friday. Dorothy resided on David Street until 1960 when she and her family moved to San Diego, Calif. This will be her first visit since 1964. While here she will stay with Marge and Don Gaa. I'm sure one of the highlights of her visit will be getting together with all of her friends from the Moose. Dorothy was an active leader of the Women of the Moose, serving as Senior Regent and a member of the College of Regents.

Glen and Betty Davis are happy to announce the birth of their son Glenn Ryan on July 1. He was welcomed home by his sister, Jodi Lynn, and big brother, Chip. Also here for the big event was his great grandmother, Isabelle Davis, from California. Maternal grandparents are Mr. and Mrs. Charles Cole of Exland, Wis. and paternal grandparents are Mr. and Mrs. Richard Davis of Lake Villa.

FOR ALL OF YOU interested in square dancing, the Diamond Hashers have moved to the Antioch Upper Grade School for the summer. Beginners dance from 7 to 9; members from 9 to 11 every Friday evening.

All square dance clubs are invited to the "Christmas in July" dance on July 25. Dance time is 8:30 p.m. and it's air conditioned!

Belated birthday greetings to Jodi Lynn Davis on July 6 and to Mary Cole on the 11th. Greetings to Ray Toft who celebrates on the 19th, to John Miholovich and Gregg Haley on the 20th, to Millie Gaston and Kathy Wurster on the 21st, and to Dee Selak on the 22nd.

Anniversary wishes to Mary and Ernest Fagrelus on the 18th, to Mr. and Mrs. Irving Elms who will celebrate their 50th anniversary on the 19th, and to Ann and Bill Haley on the 22nd.

Kids, be sure to keep an extra good eye on your bicycles - seems quite a few of them have been disappearing lately.

Don't forget - call 395-3055 now for your reservation for PM&L's summer presentation "Fiddler on the Roof."

See ya,

## Excited About County Fair

Big happenings are in store for those who attend the 1975 Lake County Fair and 4-H Show, according to 4-H Advisers Bill Messerschmidt and Dorothy Shoemaker.

The 4-H staff says it can already sense the excitement building up among the 2,500 4-H members and 500 volunteer leaders in the county. And it will all come to a peak on Wednesday, July 23, when at 10 a.m. the fairgates open to welcome thousands of fun-seekers.

Several pre-Fair 4-H shows

will be open to the public. All are a part of the County Fair competition and are free of charge.

A style show of homemade 4-H clothing garments will be held Friday at 8 p.m. in the Lake County Farm Bureau Auditorium. It is on Rt. 45 in front of the fairgrounds.

Wednesday, July 23, is "4-H Day" at the Fair. The variety ranges from horses to gun safety. At 8 a.m. 4-H equestrians show off their talents in the Western Pony show at the horse arena.

Back at the 4-H exhibit building, food judging begins at 9 a.m. with a bake sale following immediately.

Also at 9 a.m. 4-H Dairy judging begins at the livestock show tent. Judging in 4-H beef, sheep, swine, poultry, flower gardening, fruits and vegetables, family gardening, crops and home grounds improvement will start at 10 a.m. in their respective areas. The 4-H information booth staff will assist fairgoers in locating the various exhibits and points of interest.
